Contents: **e 5 litres**

Contains: 43g/l (4.3%w/w) Didecyl dimethylammonium chloride solution. Formulation: Soluble concentrate.

5 390182 023061 >

DIRECTIONS FOR USE

Dilute 1 part of product with 5 parts of water, then apply the 6 litres of diluted product per 13.9m² of surface. The treated surface should be thoroughly soaked with the product. Apply under conditions of good growth, when rain is not expected. In ideal conditions treatment should be effective after 3-4 days if applied correctly. Dead growth can be brushed from the surface. Where there is severe growth a second application may be necessary. Diluted liquid should be sprayed or brushed on the surface to be treated.

STATUTORY CONDITIONS RELATING TO USE, FOR USE ONLY AS A SURFACE BIOCIDES

Dilute 1 part of product with 5 parts of water, then apply the 6 litres of diluted product per 13.9m² of surface. Users must comply in full with all their legal responsibilities under the Control of Pesticides Regulations 1986 (as amended), including applying with all conditions of approval. This product is approved under the Control of Pesticides Regulations 1986 (as amended) for use as directed. **READ ALL PRECAUTIONS BEFORE USE.** (HSE NO. 9662)

This product is approved under the Control of Pesticides Regulations 1986 (as amended) for use as directed. **READ ALL PRECAUTIONS BEFORE USE.** (HSE NO. 9662)
