STEWARDSHIP MONITORING FORM

Reference No: _____ Completed Date: _____

To be recorded by the person who carries out the monitoring:
(PLEASE PRINT CLEARLY)

Monitoring carried out by _____ Date: ____/____/____

Name of Farmer: Dr/Mr/Mrs/Ms* _____

Address:

Telephone No: (____) _____ Fax No: : (____) _____

Name and address of owner if different from above:

Name of drilling operator: _____

Type of drilling machine / Width: _____

Condition of Drill: _____

Was drill checked for loose connections and greased before drilled.

Yes No

Was drill calibrated in advance of sowing.

Yes No

If Yes was calibration carried out where seed can be easily measured and not allowed to escape into the wider environment?.

Yes No Details on location: _____

AGRICHEM

Field Name : _____

Field Area: _____

Acres Hectares

Date Crop Sown: _____

Crop Type _____

Seed Variety: _____

Seed Generation : _____

Seed Source : _____

Seed dressing details (product/rate): _____

Seed Label Details Retained

Yes No

If Yes copy attached?

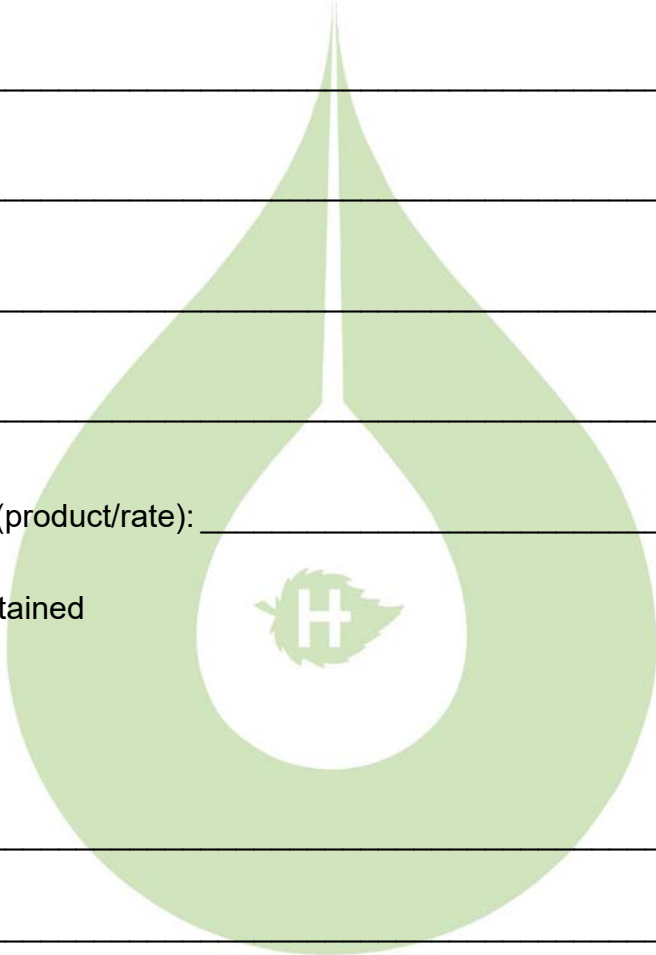

Yes No

Target Seed Rate: _____

Actual Seed Rate: _____

Target Weight of Seed: _____

Total Weight of Seed Sown: _____

AGRICHEM

Was there any difficulties in sowing.

Yes No

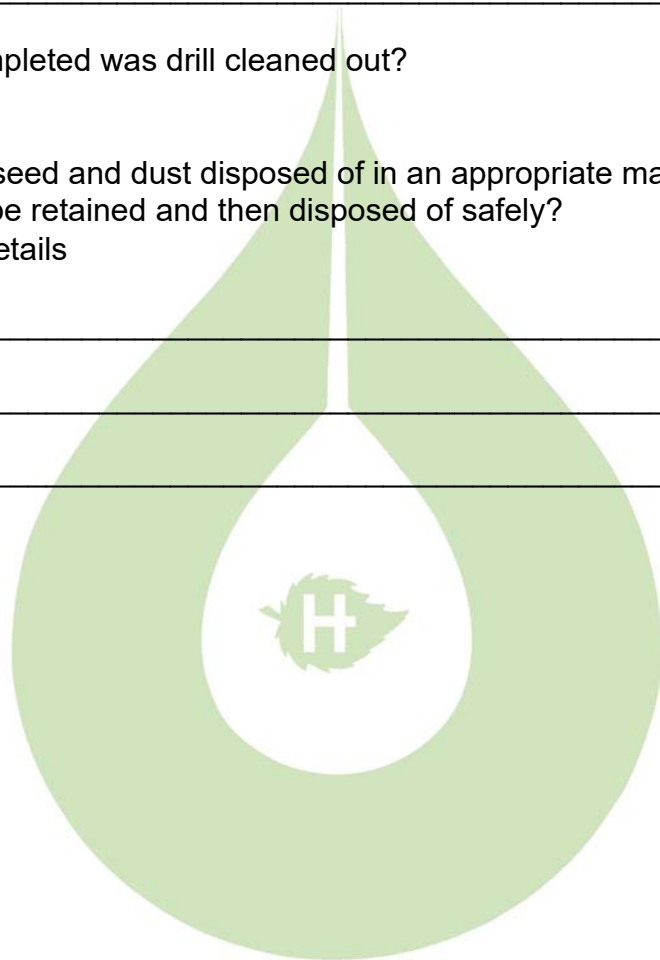

If Yes were these recorded at time of sowing? Details

When drilling was completed was drill cleaned out?

Yes No

If Yes was remaining seed and dust disposed of in an appropriate manner in an area from which pesticides can be retained and then disposed of safely?

Yes No Details

AGRICHEM

Monitor's field observations:

Condition of field, in particular detail any evidence of cloddy seedbeds as these make treated seed more readily available to wildlife

After drilling management eg harrow, roll or both to reduce cloddy seed beds.

Evidence of seed dust

Evidence of exposed seed / spillages (in particular pay attention of headlands / where seed was being filled / where drill was calibrated)

Topographic description of field and its hinterland include details of alternative feed sources / untreated areas.

AGRICHEM

Photographs attached.

Yes

No

Wildlife observations in the field

Photographs attached.

Yes

No

AGRICHEM

FOR OFFICE USE ONLY

To be completed by the Stewardship Manager or designee and filed under the appropriate reference number:

Based on the Monitoring carried out the following proposed actions are proposed to the farmer / contractor to avoid future exposure of wildlife to treated seed: _____

Actions	Responsible Personnel/ Dates to be Completed by:
1	
2	
3	
4	
5	
Conclusions:
